

3 December 2021

Dear Resident,

RE: HAMILTON REACH – RIVERS REACH CONSTRUCTION UPDATE

We are pleased to advise that construction is now well underway at Rivers Reach.

With a few weeks remaining until the Christmas shut-down, McNab are scheduled to commence transformer works from Monday, 6 December, which may result in temporary impacts to the pedestrian access at the northern border of Newport. These closures are dependent on the swing radius of the excavator, which will be delivered on Monday, 13 December, allowing for an impact assessment at this time.

Irrespective of this impact outcome, the following approximate area as identified in yellow will be fenced off for pedestrian safety until Christmas. After the Christmas period, the new transformer location will be fenced off until the end of January.

We thank you for your patience during these works, and if you have **any queries, please email info@mcnab.net.au**.

In case of an emergency, please contact McNab Site Manager, Nathan Kilborn on 0466 794 497.

As always, if you have any questions or concerns that you would like to discuss with Frasers Property Australia, please feel free to get in contact with myself at the contact details below.

Kind regards,

Marion Allard
